

Summer Intensives with Ms. Taylor and Miss Endya!

Dancers do not have to email to attend! Sign up is only for privates. Payments will be run the first day of each session. Class size will be small since there are several intensives for all ages/levels.

The best way to progress and learn new dance leaps and turns is to attend some of these intensives throughout the summer!

For any dancers who would like to be considered for HCDC - Interested "New" Dancers should attend at least 4 of these classes and then we will notify parents if they are ready for HCDC. Please email if you are interested in being considered for HCDC and the session attending.

The intensives have been scheduled so it is convenient with the required tumble team clinics. If there is a 30 minute break before or after any clinics, send a snack and drink and the girls can wait!

Even though we have broken the schedule down in levels, it is still fine to attend at different levels. If a dancer has accomplished a single turn (Beg) then she will start working on a double turn (Int). Dancers can still be challenged individually to the next skill in a multi-level class.

And all dancers need to work on stretching and flexibility!

If students are on vacation one week, they can make up a class during another intensive time.

**Tuesdays - Session 1 - June 4, 11, 18, 25 with Ms. Endya!
\$60 for 4 week session & \$10 per dancer/privates**
